

The Morgan County Health Department is seeking a part-time Environmental Health Specialist (EHS). Under general supervision, the EHS will promote public health by conducting inspections and preparing reports that document compliance with state and local regulatory codes. They will also provide consultation and education to the public, investigate potential environmental issues, and collect samples for analyses.

Candidates must possess the following qualifications:

- Currently registered as a Sanitarian or Sanitarian-In-Training in Ohio or possess a B.S. or B.A. from an accredited university with 45 quarter hours or 30 semester hours in the sciences.
- Have a current and valid Ohio driver's license, vehicle insurance, and reliable transportation.
- Be able to communicate professionally and effectively both orally and in writing.
- Possess basic computer skills and be able to work independently.
- Be willing to work outside and be able to lift 50 lbs.
- Pass a B.C.I. background check and drug screening.

Occasional evening or weekend work may be required.

Starting pay is commensurate with experience.

Resumes are to be submitted by October 15th to Jeff Michaels, Administrator, at jeff.michaels@morgancounty-oh.gov

The Morgan County Health Department is an Equal Opportunity Employer.
