COMMUNITY BABY SHOWER

Are you a new mom? Do you know someone who is? As exciting as having a baby is, it can also be overwhelming and confusing. As a new mom, you are not alone! On Saturday, April 15th we would love to shower you with the resources and support you need to raise a safe and healthy child at the Morgan County Community Baby Shower!

Morgan County Health Department, along with many other local agencies and organizations, are excited to host this FREE event for all pregnant women and those with children under 2 years old. There will be baby item giveaways for all participants, raffles with premium items, food, drinks, games, and more. Have questions about breastfeeding, early childhood education, car seats, safe sleep, mental health services or more? There will be plenty of vendors and agencies ready and excited to answer your questions and chat!

The Morgan County Community Baby Shower will take place 4/15 from 1-3pm at the East Elementary Cafetorium (4265 N. State Route 376 NW, McConnelsville). You must be a resident of Morgan County. Registration is required for this event. If you'd like to register, visit www.morganpublichealth.org or call the Health Department at (740) 962-4572. Each participant is allowed to bring their baby plus one guest.
